High Efficiency Media Retrofit Air Cleaners

The NORDYNE High Efficiency Media Retrofit Air Cleaner removes airborne particles down to 0.3 micron. It yields a higher initial efficiency and maintains it over the life of the filter. Plus, it has a lower initial static pressure drop and a longer life than most media filters on market. The NORDYNE Media Retrofit Air Cleaner is available in 16"x20", 16"x25", 20"x20" and 20"x25" models. Best features include a perfect fit, MERV 10 filter, which is 5 1/4" deep ensuring no air gaps or by-pass. Filters are only available through the NORDYNE dealer for guaranteed repeat sales. There's even a built-in track for Activated Carbon Filters to control odors (optional). Heavy gauge galvanized/powder coat painted steel cabinet provides solid installation and long life. Modular design easily upgrades to a NORDYNE High Efficiency Electronic Air Cleaner. Standard lifetime limited warranty.

STANDARD FEATURES

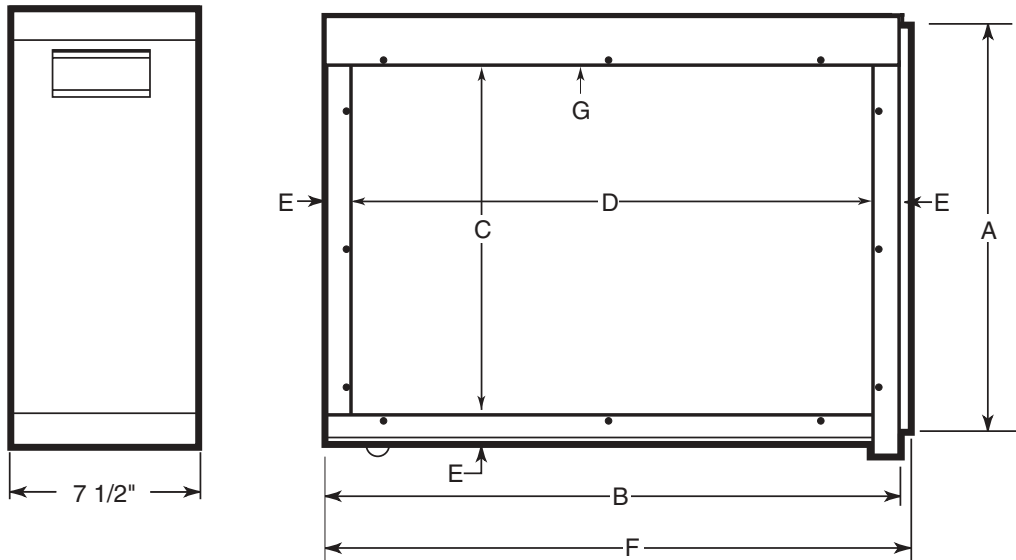

- MERV 10 rated filter removes airborne particles down to 0.3 micron.
- Perfect fit 5 1/4" deep filter, ensuring no air gaps or by-pass air.
- Media filter lasts one year in standard applications, for low maintenance.
- Low initial static pressure drop.
- Optional carbon filters to control odors.
- Silent operation.
- Heavy gauge galvanized powder coat painted steel cabinet.
- Reversible airflow. Mounts in any position.
- Upgradable to an Electronic Air Cleaner.
- Standard limited lifetime warranty.
- System warranty if sold with a matched NORDYNE system.
